# Wearing Instructions For **Baby Mouse**

**1** Put on the Pod.

**2** Next, put on the Jump Suit. But don't zip up yet.

**3** Locate the straps in the feet and hold them for the wearer. The wearer can now slide their foot into the feet. There is a velcro and elastic strap inside the feet that can be adjusted based on need.

**4** Secure the ankle strap around the wearer's ankle. Tuck ankle straps in to shoes.

**5** Put on Dress. Now zip Pod and Dress.

**6** Locate the cooling fan inside the head. Insert a user provided nine volt-battery into the battery pocket. Turn on the cooling fan by pressing the red button.  
**BE SURE TO TURN OFF THE FAN AFTER YOUR EVENT!**

**7** Headgear Adjustments:  
First, remove the Headgear by pulling it free from the Velcro. Locate the straps attached to the front and back of the Headgear. Each can be adjusted by repositioning the Velcro.

Adjust the chin strap by repositioning the Velcro. Reseat the Headgear inside the Head. Note: The angle at which the headgear is seated inside the Head will also change the comfort and visibility.

**8** Put on the Head. Fasten the chin strap by securing it with the Velcro.

Please Note:  
If the head does not fit comfortably or visibility is poor, headgear adjustments should be made now. Please, see the previous step.

**9** Put on the Mitts, and tuck the cuffs up into the arms of the Body.

**10** Baby Mouse is now ready to entertain.
