## PLEASE READ ALL INSTRUCTIONS BEFORE DRESSING THE WEARER!

- This costume is designed to be worn by someone of an average build, reasonable strength and stamina. The wearer should be approximately 5'6" to 5'10" tall.
- The costume **MUST** be worn **WITHOUT** shoes. T-shirt and shorts are best worn under the costume. It's advisable that the wearer drink plenty of liquids before and after the event.
- Make sure the Fan works. Locate the bright fabric covering the switch inside the head; press the **RED** button to switch the fan **ON** and **OFF**. If the fan doesn't start lift the fabric and install a new 9volt battery. **BE SURE TO TURN OFF THE FAN AFTER YOUR EVENT!**
- Be sure to have a dress rehearsal. It takes two people about 10 to 15 minutes to put on the costume. Becoming comfortable in the costume before the event will ensure the best performance.
- NO** drinking, eating or smoking in costume. **HAVE FUN!**

## Character Etiquettes

### Do's:

- Watch out for small children. Get eye level to children.
- Wave hello or good-bye when walking to or from a person.
- Keep a consistent level of energy.

### Don'ts:

- Smoking, eating or drinking while in costume.
- Dragging your feet.
- Never show frustration; remember body language is readable in costume.
- Touch a person in an inappropriate area of the body. Remember your gloves maybe bigger than your hands and may extend into an area of the body that your hand would not.
- Lean on the head of a child.
- Put your gloves in the face of any person.
- Lay down in costume.
- Never let the public see you without your head on.
- Wear the costume for more than 30 – 45 minutes at a time without a break.

### Hoop Removal

To open the Pod Hoops, hold the Hoop on either side of the Connector. With one thumb, push the outer most ring toward the center of the Connector. With the other hand, hold it there. This will release the Hoop and it can be pulled free of the connector.

## Notice

It is crucial that the Head, Body, Parts and any clothing be Completely DRY before it is worn or STORED!

The Tutu and Napkin should not be worn together!

**1** Preload the Pod into the Body. Use the zippers as a guide.

**2** Have the wearer step into the Body and Pod. Both can be pulled up onto the shoulders, but only zip the Pod closed. The Body will come back down off the shoulders to put on the Mitts.

**3** Put on the Feet. Make sure wearer has his/her feet under both elastic straps located inside the Feet. The middle strap can be adjusted by pulling up on the velcro and repositioning. Next, wrap the ankle straps around the wearer's ankles and velcro the back of the feet closed.

**4** Locate the bright fabric inside the Head. Press the Red button to turn the Cooling Fan ON and OFF. If the fan doesn't start lift the fabric and install a new 9 volt battery.

**BE SURE TO TURN OFF THE FAN AFTER YOUR EVENT!**

**5** Now, the Body can be pulled off the shoulders and the Head put on. Fasten the chin strap by securing the velcro. The vision will be through the nose and mouth.

**PLEASE NOTE:**

If the head does not fit comfortably or visibility is poor, any adjustments should be made now.

**Please see the next step!**

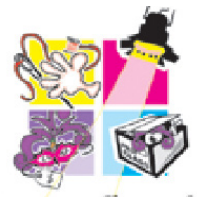

**6** Headgear Adjustments:

Remove the Headgear by pulling it free from the Velcro.

Locate the straps attached to the front and back of the Headgear. Each can be adjusted by repositioning the Velcro.

## 7 Headgear Adjustments:

Adjust the chin strap by repositioning the velcro. Reset the headgear in the head.

### NOTE:

The angle at which the headgear is seated will also change the comfort and visibility.

8 Put on the Mitts. Slide each Mitt up the wearer's arms. Then help guide the wearer's arms back into the Body and zip it closed in the back.

9 The length of the body's legs can be adjusted using the snap tape.

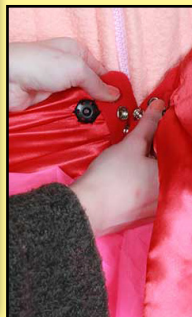

Turn under the legs the desired amount and snap to the closest snap.

10 Put the Tutu on over the wearer's head. Pull it down and locate the magnets around the waist of the Body and the Tutu.

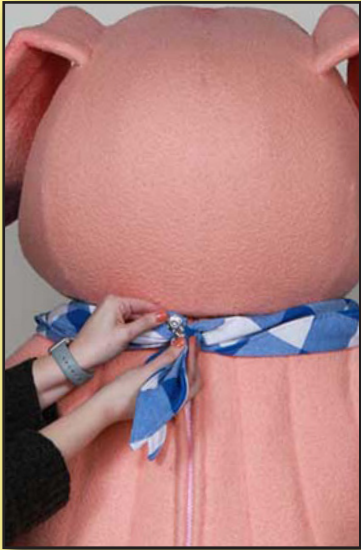

11 Continue securing the magnets in place around the waist of the Body. Then snap the Tutu and Bow closed.

12 Mercy Watson in the Tutu ready to entertain!

Note: Tutu should not be worn with Napkin.

**13** Putting on the Napkin. Put the Napkin around the wearer's neck and snap it closed in the back.

**Note:** Napkin should not be worn with Tutu.

**14** *Mercy Watson* is now ready to entertain!

**15** Place the Tutu, Napkin, and Mitts in the bottom of the trunk.

**16** Next fold the Pod down into itself with the zipper open and place it into the trunk. Put the shoes in the Shoe Bags into the corners of the trunk as pictured.

**17** Now place the Head into the Pod with the nose facing up. The headgear should be left in the head.

**18** Fold the Body and place it over the Head. Put the lid on the trunk and secure the straps.
